Capability Statement

Core Competencies – Summit Integrity Solutions provides:

- Operations & Process Optimization – Streamlining workflows, reducing costs, and improving efficiency.
- Strategic Planning & Performance Management – Aligning organizational goals with operational execution.
- Supply Chain & Logistics Optimization – Enhancing procurement, inventory management, and distribution networks.

Past Performance – Summit Integrity Solutions has successfully completed on-time projects for GE Appliances, Toyoda Gosei Kentucky.

- [GE Appliances] – Achieved 100% cost reduction levied by the DOT for excess oil left in oil drums for disposal in fines through eliminating the difficult work for the operator, improving the process optimization and Six Sigma initiatives .
- [Toyoda Gosei Kentucky] – Led enterprise operational improvements that enhanced inventory accuracy by 95% in a high-demand manufacturing environment.

Differentiators – optional sentence:

- Military & Civilian Expertise – A unique combination of leadership, discipline, and technical acumen gained from both military and corporate environments.
- Six Sigma & Lean Continuous Improvement Certified – Proven track record of reducing costs and improving operational efficiency.
